

**ANDREW G. DILLIN**  
Molecular and Cell Biology Laboratory  
University of California, Berkeley  
188 Li Ka Shing Center  
Berkeley, CA 94720

## **EDUCATION AND TRAINING**

University of California, San Francisco 1998-2001  
Postdoctoral Fellow, Department of Biochemistry and Biophysics  
Mentor: Professor Cynthia Kenyon  
Determinants of longevity in the nematode *Caenorhabditis elegans*

University of California, Berkeley 1993-1998  
Ph.D., Molecular and Cell Biology  
Mentor: Professor Jasper Rine  
Studies of transcriptional silencing, replication initiation, and mitosis in yeast

University of Nevada, Reno 1989-1993  
B.S., Biochemistry  
Mentor: Professor Ardythe McCracken  
ER associated protein degradation (ERAD)

## **POSITIONS**

Professor 2012-present  
HHMI Investigator  
Molecular and Cell Biology Laboratory  
University of California, Berkeley, California

Professor 2011-2012  
Molecular and Cell Biology Laboratory  
The Salk Institute for Biological Studies, La Jolla, California

Adjunct Professor 2009-2012  
Department of Neuroscience  
University of California, San Diego, California

Director 2009-2012  
Glenn Center for Aging Research  
The Salk Institute for Biological Studies, La Jolla, California

HHMI Investigator 2008-2012  
Molecular and Cell Biology Laboratory  
The Salk Institute for Biological Studies, La Jolla, California

Associate Professor 2007-2011  
Molecular and Cell Biology Laboratory  
The Salk Institute for Biological Studies, La Jolla, California

Adjunct Associate Professor 2007-2012  
Department of Biology  
University of California, San Diego

Assistant Professor 2002-2007  
Molecular and Cell Biology Laboratory  
The Salk Institute for Biological Studies, La Jolla, California

Graduate Teaching Assistant 1995-1998  
University of California, Berkeley, California  
*Genetics, Genetics Lab, Control of the Cell Cycle*

**HONORS, AWARDS, AND FELLOWSHIPS**

Vincent Cristafalo Award	2010
Glenn Foundation for Medical Research Award	2007-2009
McKnight Neuroscience of Brain Disorders Award	2007-2010
Pioneer Developmental Chair	2006-2008
Ellison Medical Foundation Award	2004-2008
Larry L. Hillblom Junior Faculty Award	2003-2006
American Diabetes Association Junior Faculty Award	2004-2006
Damon Runyon-Walter Winchell Postdoctoral Fellowship, UC San Francisco	1999-2002
Genentech Distinguished Predoctoral Fellowship, UC Berkeley	1997
Outstanding Graduate Student Instructor, UC Berkeley	1996-1997
Outstanding Senior, College of Agriculture, University of Nevada	1992-1993
Howard Hughes Summer Research Fellowship, University of Nevada	1992
National Science Foundation Research Fellowship, University of Nevada	1991

**EDITORIAL POSITIONS**

Navy Marine Mammal Foundation Scientific Advisory Board	2011-present
Study Section Member – CMAD NIA	2009-present
Editorial Board – Trends in Endocrinology and Metabolism	2008-present
Editorial Board – Aging Cell	2007-present
Damon Runyon Cancer Research Scientific Advisory Board	2007-present
Alzheimer’s Foundation Scientific Advisory Board	2006-present
American Federation for Aging Research Advisory Board	2006-present
Editorial Board – PloS Biology	2006-present
Pathogen Study Section Member – NIH (ad hoc)	2005
Editorial Board – Experimental Biology	2004-present
Proteomics and Aging Special Emphasis Panel – NIA	2004

**MEETINGS ORGANIZED**

Cold Spring Harbor: Molecular Chaperones and Stress Responses Long Island, New York	May 1-5, 2012
Glenn Center for Aging Research Annual Symposium Metabolism and Aging Salk Institute, La Jolla, California	December 2, 2011
Indo-US Frontiers of Science New Dehli, India	March 2-4, 2011
ABCAM: Stem Cells, Neurodegeneration and Proteostasis Nassau, Bahamas	February 14-16, 2011
Glenn Center for Aging Research Annual Symposium: Molecular Determinants of Aging Salk Institute, La Jolla, California	December 1, 2010
ABCAM: Molecular Mechanisms of Aging Puerto Vallarta, Mexico	March 3-5, 2009
IPSEN, Nature, Nature Reviews Molecular Cell Biology: Processes of Aging The Salk Institute for Biological Studies, La Jolla, CA.	January 8-10, 2009
Kavli National Academy of Sciences Meetings	2008-2010
