

## The New Neurobiology Emphasis Sample Schedules

Students who are currently declared in the NEU emphasis and who have completed MCB C160 will remain on the old curriculum. Please continue to follow the plan developed at the time of declaration.

For students who plan to graduate in Sp16 and are currently enrolled in MCB C160. This plan assumes you have completed MCB 102.

Term	Suggested Courses
Spring 15	MCB C160 Elective A
Fall 15	MCB 163 MCB 104
Spring 16	MCB 165 (elective B) MCB 160L (if not taken MCB 163)

For students who plan to graduate in Sp16 and have not taken MCB C160. This plan assumes the student has completed Physics 8B.

Term	Suggested Courses
Spring 15	MCB 102 Elective (If not completed)
Fall 15	MCB 160* MCB 163 or MCB 104
Spring 16	MCB 104 or MCB 160L MCB 161*

\*MCB 160/161 are designed to be completed in sequence.

For students who have not declared the NEU emphasis and plan to graduate beyond the Sp16 term.

Term	Suggested Courses
Fall 15	MCB 160* Physics 8B
Spring 16	MCB 161* MCB 102
Fall 16	MCB 163 or Elective MCB 104
Spring 16	MCB 160L or Elective

\*MCB 160/161 are designed to be completed in sequence.

Please visit the UAO (3060 VLSB) with any questions or concerns.
