

## MCB FALL 2013 UPPER-DIVISION COURSE OFFERINGS

For the schedule, see the [Schedule of Classes](#) (after March 18, 2013) For course descriptions, see [the catalog](#) .

---

### Classes for Fall 2013

(excludes independent study 99, 199, H196A/B)

#### Course

#### Course Title

#### Days & Times

Introduction to Biology (Fall 2013) discussion  
Biology 1A: Biology Lab  
Biology 1A: Biology Lab  
MCB Physiology 9:30-11 am + discussion  
Physiology Laboratory  
Plagues & Pandemics MW 9-10 am  
Drugs & the Brain 3-5 pm + discussion  
Exploring the Brain 2-3 pm + discussion  
Biophysical Chemistry 9-11 am + discussion  
Survey of Biochemistry 1 am + discussion  
Genetics, Genomics & Cell Biology discussion  
Molecular Synthesis and Cell Function  
Biochemistry & Molecular Biology Lab

MW 1-5 pm

General Microbiology -12 + discussion  
General Microbiology Lab -5, and Th 1-2  
Microbial Diversity 9:30-11 + Tu 11-12  
The Cancer Karyotype Tu 2-3 pm  
The Biology of Human Cancer + discussion  
Physiology and Cell Biology Lab M 2-5/W 1-5 or  
Tu 2-5/Th 1-5 pm  
Molecular Endocrinology MWF 9-10 am  
Physiology MWF 11-12 pm + discussion  
General Genetics 11-12 pm + discussion  
Evolution of Genes, Cells & Development  
Molecular Immunology 11 am + discussion  
150L

Immunology Lab

MW 1-5:30 pm

C160

Introduction to Neurobiology

MWF 11-12 pm + discussion

163

Mammalian Neuroanatomy

TuTh 12:30-2 pm + 2 hour lab

166

Biophysical Neurobiology TuTh 11-12:30 pm + W 5-6 pm
