

RE: FINAL EXAM POLICY ADDENDUM

Due to some problems of graduation scheduling, a few people in class have conflicts with the current final exam date and time.

In order to take the pre-administered final on Friday, the day before, you must:

- (1) Be a graduating senior.
- (2) Have graduation that day. (State the conflict directly with the name of your major sent to me by email).
- (3) Emailed me with the above before next Friday (Apr. 25th).

After Apr. 25th, there will be no new exceptions.

For those of you that emailed me already, please email me your major. After next Friday, we will establish a common time/place to administer the final.

Basically, we need to moderate the process so that those with direct graduation conflicts are accommodated first.

Thanks,
Bryan
